**Docket No. 07-148**

Date filed: January 8, 2009

Licensees covered by this report: MetroPCS 700 MHz, LLC

Name of signatory: Roger D. Linquist

Title of signatory: President & Chief Executive Officer

**Statement**

MetroPCS 700 MHz, LLC ("MetroPCS") was granted a Block A license in the 700 MHz Lower Band on June 26, 2008. Since June 12, 2008, MetroPCS has provided a link to the federal government's digital broadcast television service ("DTV") transition education site (<https://www.dtv2009.gov/>) from its home page ([www.metropcs.com](http://www.metropcs.com)). Because MetroPCS has not yet launched service in the geographic region covered by the granted license, it has not yet undertaken any additional outreach efforts relating to educating consumers about the DTV transition. MetroPCS is evaluating and determining what additional outreach efforts, if any, would be appropriate when it launches service in the geographic region covered by the granted license. MetroPCS will provide updated information with respect to such undertakings, if any, in its next quarterly filing with the Commission.
